Mr. Austin R. Evers  
Executive Director,  
American Oversight  
1030 15<sup>th</sup> Street, N.W., Suite B255  
Washington, D.C. 20005

Dear Mr. Evers:

The Bureau of Safety and Environmental Enforcement (BSEE) FOIA office received your Freedom of Information Act (FOIA) request dated October 25, 2018, and assigned it control number **BSEE-2019-00014**. Please cite this number in any future communications with our office regarding your request. You requested the following:

All email communications and associated attachments between BSEE Director Scott Angelle and the Louisiana Oil & Gas Association (including but not limited to any email address ending in @loga.la). Responsive records include emails on which Director Angelle or any representative of the Louisiana Oil & Gas Association is copied (cc'd) or blind copied (bcc'd). Please provide all responsive records from May 24, 2017, through the date the search is conducted.

In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used, locations and custodians searched, and any tracking sheets used to track the processing of this request. If your agency uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request.

We are writing today to respond to your request on behalf of the BSEE. We have enclosed one document containing of 4 pages which are being released in their entirety.

Regarding your request for records describing the processing of this request, an electronic database search was conducted for “@loga.la” between the dates of May 24, 2017 through October 31, 2018 with Scott Angelle as the sender or recipient. Additionally, a manual search of his email account was conducted on October 30, 2018 with the same result. I have attached the BSEE FOIA search tracker that was produced as a result of this search.

### **Conclusion**

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of FOIA. *See 5 U.S.C. 552(c)*. This response is limited to those records that are subject to the requirements of FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

The 2007 FOIA amendments created the Office of Government Information Services (OGIS) to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation. You may contact OGIS in any of the following ways:

Office of Government Information Services  
National Archives and Records Administration  
8601 Adelphi Road - OGIS  
College Park, MD 20740-6001  
E-mail: [ogis@nara.gov](mailto:ogis@nara.gov)

Telephone: 202-741-5770  
Fax: 202-741-5769  
Toll-free: 1-877-684-6448

Please note that using OGIS services does not affect the timing of filing an appeal with the Department’s FOIA & Privacy Act Appeals Officer.

We do not bill requesters for FOIA processing fees when their fees are less than \$50.00, because the cost of collection would be greater than the fee collected. *See 43 C.F.R. § 2.49(a)(1)*. Therefore, there is no billable fee for the processing of this request.

This concludes BSEE's response to your request. If you have any questions about our response to your request, you may contact me by phone at (703) 787-1204, by fax at (703) 787-1207, by email at [bseefoia@bsee.gov](mailto:bseefoia@bsee.gov), or by mail at Bureau of Safety and Environmental Enforcement, FOIA Office, Mail Stop: VAE-BSEE FOIA, 45600 Woodland Road, Sterling, Virginia 20166.

Sincerely,

/s/ Ashley Rychak
